Season 1:
June 18 2015 to June 16 2016

We at Paper Republic are a collective of literary translators, promoting new Chinese fiction in translation. For the first season of Read Paper Republic we published a short story, essay, or poem online every week for a year, aimed at readers who wonder what new Chinese fiction in English translation has to offer and would like to dip a toe in the water.
If you're interested in trying some of these stories in your book club you can find a ready-made package of four themed stories (focusing on the lives of women in China) here: https://paper-republic.org/davehaysom/that-damned-thing-she-said-now-coming-to-beijing0/
